CORK CITY BALLET ASSOCIATES PROGRAMME

IN ASSOCIATION WITH THE FIRKIN CRANE

Cork City Ballet is delighted to announce the continuation of our Associates Programme at the Firkin Crane Theatre (the home of CCB) in September 2010.

The Associates Programme will re-commence for students between the ages of 8-18 to nurture young talented students in their pursuit of excellence in pre-vocational classical ballet training. Children aged 8-12 are known as Junior Associates, and students aged 13-18 as Senior Associates. These classes are designed to augment and enhance an individual's current training and to introduce them to Cork City Ballet's repertoire alongside other gifted children who aspire to a career in dance. The pupils will continue to study with their regular dance teacher in addition to their Associate classes.

Junior Associates: Classes are held at the Firkin Crane Theatre, Shandon every Monday from 5pm – 6.30pm.

Senior Associates: Classes are held at the Firkin Crane Theatre, Shandon every Monday from 6.30pm – 8.00pm.

Each session is 1 hour 30 mins in length and includes classical ballet, pointe work and pas de deux appropriate to the students' age and development. The programme also incorporates exercise programmes devised and developed by Cork City Ballet's artistic staff.

Successful applicants are offered an initial year's course beginning in September and are appraised annually as to their suitability for further training. Associates may get the opportunity to sometimes perform with Cork City Ballet and other visiting ballet companies.

The programme will be taught by CCB's ballet mistress Patricia Crosbie, along with Alan Foley the Artistic Director of Cork City Ballet. During the year, students will also get to study with some of the company's regular artistic staff including our principal guest artistes from the Bolshoi and Kirov Ballet Company.

For further information and an application form please phone 087-2967180.
